Celebrating and strengthening the U.K. – Japan relationship

As one of the world’s most dynamic cities, London is sky-highly evolving. The Shard, at London Bridge, reaches a height of 310 meters and is the tallest residential building in Europe (115 stories).

Global reach, local touch

Nissan, a division of the Nissan Group, has recently announced its plans to expand its production base in the UK, with a new plant in Sunderland. The company’s new plant will be the largest automotive plant in the UK and will create 1,800 new jobs.

Innovative technologies for all of Europe

Established in 1922, Mitsubishi Electric provides solutions in a wide range of fields, including energy and industrial businesses. The company’s innovation in the field of energy and industrial businesses has been recognized globally.

Moving the U.K.-Japan relationship forward

With the increasing demand for innovative technologies in the UK, the government has been actively promoting the development of cutting-edge technologies. The U.K. is emerging as a hub for innovation and entrepreneurship.

Putting the U.K. in the picture

As one of the world’s first U.K. companies with more than 50 years of experience in the field of optics, Nikon continues to lead in the development of photography technology in the U.K.

Supporting the growth of Japanese businesses

Japan plays vital role in UK energy market reform

Japan’s investors have developed cutting-edge energy technologies and, with limited opportunities to build locally, are exporting globally—particularly in the UK.

**Eyes open, protecting clients in the world’s premier financial center**

The United Kingdom is one of the world’s leading financial centers. Its wealth of opportunities, combined with its strong financial infrastructure and skilled workforce, make it an attractive destination for businesses. The UK’s strong economy and stable political environment also contribute to its appeal. The country’s diverse industries, from finance and banking to technology and healthcare, offer a wide range of opportunities for growth and innovation. The UK’s location in the heart of Europe makes it a strategic hub for international business, providing a gateway to the rest of the continent.

**We are recognized globally as a leader in financial services.**
