The heart of the Asian business community

Building communities, connecting people and transforming lives

A message from Mrs. Carrie Lam, GMB, GBS, Chief Executive of the Hong Kong Special Administrative Region of the People’s Republic of China

Through its integrated hospital development in healthcare, Life expectancy in Japan and Hong Kong ranks among the highest in the world. However, with aging societies and increasing demands for health care, traditional business models face an increasingly important transformation.

Intending to become a leader in this area, in 2017 Lippo Group acquired International Hospitalists (IHH) in Singapore. Lippo is also a diversified property developer with a portfolio of 12 quality nursing homes located across Japan.

Through our education and language learning initiatives, we are working to strengthen the relationship between Japan and Hong Kong. China and Japan have strong historical ties and we will continue to build on our successful achievements to create a stronger partnership.

Lippo Group’s President, Dr. Stephen Riady, said: “Our ambitions are to further strengthen the economic relationship between Hong Kong, China and Japan through cultural cooperation. Through our education and language learning initiatives, we have helped to support the integration of Chinese and Japanese students and professionals.

With a proven track record and extensive expertise, Lippo Group will be looking to create a new independent entity within the region.

Hong Kong: The best is yet to come

Hong Kong offers visitors an incredibly combination of culture, food, natural beauty and, of course, shopping.

Established 380 years ago as a fishing village, the city of Hong Kong has been a political, cultural, and economic center throughout its history. Its strategic location has made it a key player in international trade, and it is now recognized as one of the most globalized cities in the world.

In recognition of her contributions to the industry, Chao was recently named Connector Maritime Association Woman of the Year 2023. Her leadership has helped to shape the global maritime industry, and she continues to work towards fostering partnerships and quality services.

Seafarers with passion

As the maritime industry continues to evolve, the demand for skilled seafarers remains high.

"Our very first newbuilds were launched in 1967," said Bjorn Hojgaard. "From Hong Kong to the rest of the world, we have been able to reach out to the global maritime industry to further nurture and develop our business," he added.

"Hong Kong offers a combination of culture, history, and essential services," said Sabrina Chou, Executive Chairman of Wah Kwong Maritime Transport Holdings.
