The Netherlands: A recovering economy recovers Japan

The Netherlands is on track to revive its economy in 2021. Despite the findings in foreign trade blocs, Dutch companies are now emerging stronger, resilient and more resilient through strong digital technologies, sustainability and high living standards. The Netherlands has a very strong industrial base, a number of small and medium enterprises, the Netherlands’ strong and vibrant entrepreneurial spirit, the Dutch infrastructure is well developed, and the Dutch language is unique. The country’s strong partners, including the U.S. and many companies relocating to the Netherlands, are pushing the Netherlands to strengthen its ties with Japan. As a “green city” in the heart of the European continent, the Utrecht region has more than 70,000 students and researchers who are working on energy management systems.

The Netherlands shares common values with Japan. Wyber Hakize, chairman of the Japanese Chamber of Commerce and Industry in the Netherlands, noted that the Netherlands-Japan relationship is key to the future of the Netherlands’ industries. The Netherlands and Japan have a long-standing relationship due to the influence of the Japanese in the Netherlands. The Dutch are interested in the development of the Japanese economy and its business environment.

The Netherlands and Japan are both close in terms of business culture and people-to-people exchanges. People from the Netherlands are more educated and have a higher salary than most Japanese. The population of the Utrecht region has grown and changed over the years, but the character of the Netherlands as a host nation in Europe remains intact.

The Netherlands’ economy has benefited from strong international ties and the country’s strong infrastructure. The Utrecht region has a high number of small and medium enterprises and is a leading supplier of traditionally Japanese fish products since 1990. Kintetsu has been proud to showcase the wonderful flavors of Japanese cuisine with our customers in their commercial operations. Both people are highly educated and have a common history in keeping our strong relationship moving forward.

The Netherlands and Japan are closely linked between the European and Asian markets, culture and trade and also have an important part of the Netherlands-Japan relationship. Today, Plugwise is one of the Netherlands’ leading suppliers of traditional Japanese fish products.
